A SELECTIVE REVIEW OF THE PRODUCTS, PLACES AND PERSPECTIVES CENTRAL TO KITCHEN AND BATH DESIGN

26 JULY 2011

Smooth Transition

I was conflicted about how to index this post: Should it be labeled a sink, or surfacing? In a Solomonic editorial decision, it is both. Made from a single piece of quartz-based Silestone, the Integrity sink is seamlessly one with its surrounding countertop. The basin measures 16-inches x 20-inches x 6-inches, and is available in five fashionable, neutral hues. silestoneusa.com
